Shriram AMC launches Multi Asset Allocation Fund

Chennai, Aug 19: Shriram Asset Management Company, part of the Shriram Group, will launch the Shriram Multi Asset Allocation Fund on August 18th 2023. This new fund aims to offer long term inflation-adjusted wealth

creation through exposure to multiple assets such as equity, debt, and gold/silver ETFs. The New Fund Offer (NFO) will close on September 1st 2023.

Between 65% to 80% of the fund's corpus will be invested in equity, which

includes 30 to 40 stocks from Shriram AMC's proprietary Enhanced Quantamental Investment (EQI) model. The model relies on statistical data to make the right investment decisions for better fund performance while integrating quant as well

as fundamental inputs for portfolio construction. The minimum allocation of 65% to equities allows investors in this fund to benefit from Long Term Capital Gains tax of 10%. The fund would also allocate 10% to 25% of funds in high quality (AAA) Short to Medium term debt, preferably in government and government-backed securities to avoid any credit risk; 10% to 25% in gold/silver ETFs, with the option up to 10% in Real Estate Investment Trusts (REITs) and Infrastructure Investment Trusts (InvITs).

Investors can regularly invest in this fund through Systematic Investment Plans (SIP), top-ups or Systematic Transfer Plans (STP) from liquid or overnight funds to meet their financial and family goals. The minimum investment amount for lumpsum is Rs.5,000 while for SIPs it is Rs.1,000 per month or Rs.3,000 per quarter. There is no lock-in period involved.

smartphone market.

realme's exceptional growth can be attributed to a combination of factors, including the brand's strategic approach in improving inventory and demand, aggressive sales promotions, and the launch of 5G devices at accessible price points. This year, realme has achieved numerous milestones across a range of devices, with several emerging as bestsellers in their respective categories. Notably, the realme C55 sold over 100,000 units in just 5 hours on its first sale day, while the 11 Pro Series set a new record by selling over 200,000 devices across all channels during its initial launch, and achieved 390% of the previous generation during the first sale period offline.

realme records impressive growth of 51%

Madurai, Aug 19:

realme, the Most Reliable Smartphone Service Provider, has achieved a staggering QoQ growth of 51% in the second quarter of 2023, as reported by Counterpoint, a renowned market research firm. This remarkable growth strengthens realme's position in the Indian smartphone market, securing the No. 3 position among the top 10 smartphone brands as per IDC's rankings for Q2 2023. Despite the overall smartphone market in India witnessing a 3% YoY decline in Q2, realme's strategic positioning and leap-forward innovations, coupled with the industry's focus on 5G devices in the INR 10,000-INR 15,000 (~\$122-\$244) segment, propelled the brand back to its coveted 3rd position in the Indian

Audi India unveils Q8 e-tron

Chennai, Aug 19: Audi, the German luxury car manufacturer launched the new Audi Q8 e-tron in India – just a few months after its global launch. Offered in four variants, the Audi Q8 50 e-tron, Audi Q8 55 e-tron, Audi Q8 Sportback 50 e-tron and Audi Q8 Sportback 55 e-tron drive like a dream with their enhanced driving characteristics.

Offered with a 114kW battery (biggest in the segment), the Audi Q8 55 e-tron and Audi Q8 Sportback 55 e-tron boast an industry-best driving range of up to 600kms on a single charge (WLTP certified). The Audi Q8 50 e-tron

and Audi Q8 Sportback 50 e-tron offer a driving range of up to 505 kms on a single charge (WLTP certified).

The Audi Q8 e-tron sports a fresh new design with luxurious comfort, improved performance, bigger batteries and an enhanced drive range to take forward the legacy and success of the e-tron. With this launch, Audi also ushers into a new corporate identity with a new, two-dimensional design of the four rings that represent luxury mobility with sustainability.

Balbir Singh Dhillon, Head of Audi India said, "Today, we take another step forward in our journey

of electric mobility and we could not be happier to launch these beautiful electric cars. The larger battery packs not only bring in added range but also enhance the value proposition of the models. The refreshed styling complements the engineering enhancements and is sure to wow. The Audi Q8 e-tron is at the heart of our electric mobility strategy and gives us a strong base to build upon as we journey towards electrifying our line-up. With the addition of the new Audi Q8 e-tron and the Audi Q8 Sportback e-tron; we now have the widest EV portfolio in the segment."

Indian plastic industry to touch Rs.10 lakh crore in 5 years: AIPMA

Chennai, Aug 19:

The Indian plastic industry is expected to witness rapid growth and nearly triple in size to Rs. 10 lakh crores by 2027, with import substitution offering a huge growth opportunity to the industry, according to the All-India Plastics Manufacturers Association (AIPMA), the premier industry body representing the plastics industry in India.

officials and policymakers from all over the country.

Earlier, delivering the welcome address, Mayur D. Shah, President of AIPMA, said the plastic industry is well-positioned to cater to the domestic market but also emerge as a global plastic supply hub.

"The Indian Plastic Industry has proven capabilities. AIPMA has identified 553 plastic products for import substitution, totalling Rs. 37,500 crores

worth of imports. The move towards import substitution will create 5 lakh additional jobs in the country.

This import substitution offers a huge opportunity. India also has the potential to emerge as a global plastic supplier."

A dressing the conference, Arvind Mehta, Chairman of AIPMA's Governing Council and AIPMA's Arvind Mehta Technology and Entrepreneurship Centre (AMTEC) said, "The

Indian plastic industry is poised for rapid growth. The size of the plastic industry is projected to grow from Rs.3.5 lakh crore in 2022-23 to Rs.10 lakh crores in 2027-28. The exports of plastic products are expected to grow from Rs. 40,000 crores to Rs. 1 lakh crore, reflecting the global acceptance of Indian products. This is an excellent opportunity for the Indian industry and we must make the most of it."

The conference also showcased exhibits and samples of imported plastic products, offering a technical and business roadmap to the plastic processing industry for manufacturing these products in India. The final edition of the conference is scheduled in Kolkata on 31st August.
